SUMMARY

A passionate final-year BCA student focused on turning ideas into practical solutions. Experienced in applying academic knowledge through projects that involve problem-solving and real-world applications. Known for being adaptable, quick to learn, and collaborative in team settings. Eager to take on new challenges and contribute meaningfully to organizational goals.

EXPERIENCE

UI/UX Designer | Freelancer | India | December 2024 - Present

- Designed and developed user-friendly UI/UX solutions for client websites and applications as a freelance designer.
- Conducted user research and translated client requirements into wireframes, prototypes, and responsive designs.
- Delivered visually appealing, intuitive, and mobile-friendly interfaces that improved usability and customer engagement.
- Applied UX principles to streamline navigation, enhance accessibility, and drive higher engagement.

EDUCATION

Bachelor of Computer Applications (BCA) | MG University

Aruvithura | 2026

Holy Cross HSS | Computer Science

Cherpunkal | 2023

PROJECT

Price Peek | github.com/emilvsaji/pricepeek | September 2025 - September 2025

- Developed an e-commerce product price comparison website that aggregates products from multiple online stores, allowing users to compare prices, features, and availability in real-time. The platform enhances shopping convenience by providing smart search, filtering, and sorting options, helping users make informed purchase decisions and find the best deals.

Treasure Cove | github.com/emilvsaji/Treasure-Cove | September 2025 - September 2025

- Treasure Cove – E-commerce Website
- Developed a themed e-commerce platform tailored for pirates and adventurers, featuring product listings, cart management, and a user-friendly interface for browsing and purchasing items.

E-Commerce | github.com/emilvsaji/harvast | January 2025 - February 2025

- Developed an e-commerce website, Harvast Food Products, focused exclusively on selling authentic spices. The platform was designed to provide a user-friendly shopping experience with features such as product listings, secure checkout, and responsive design, ensuring accessibility across devices.

ACHIEVEMENTS

Asthra 10.0 | St. Joseph's College of Engineering and Technology, Palai | CSE | September 2025 - September 2025

- Secured First Place in Pixel Rush (UI/UX Design Competition) at ASTHRA 10.0, National Level Annual Technical Fest organized by St. Joseph's College of Engineering and Technology (Autonomous), Palai (September 2025).
